**How big is your brave?
Is it bigger than your fears?**

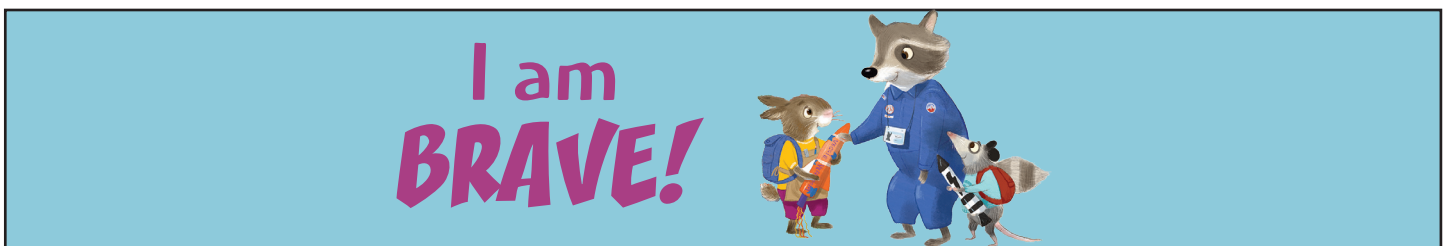

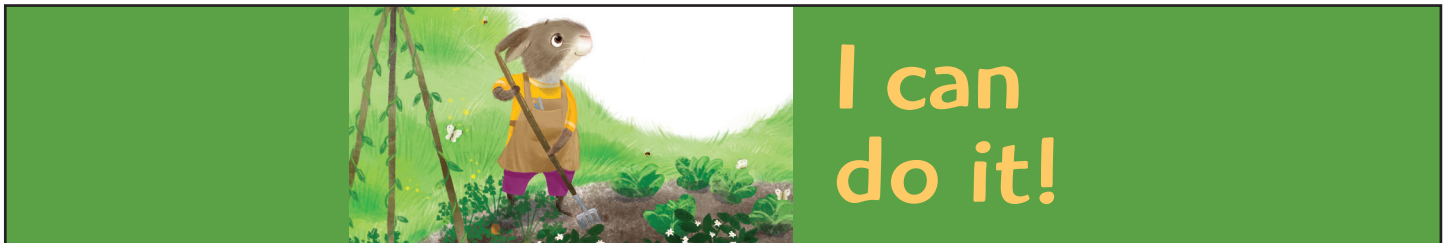

Blast off with Zippy as she chases her dream of traveling to outer space. When the opportunity to attend space camp arrives, she worries she might not be able to compete with the other critters. But Zippy's desire to build her own rocket is bigger than her fear of failing and she's soon on her way to the stars.

This inspiring picture book by bestselling author Ruth Soukup empowers children everywhere to face their fears and overcome obstacles in order to follow their dreams and reach their goals.

Bravery Bracelets

Feeling nervous or afraid? Wear a bravery bracelet to remember your courage. "Being brave doesn't mean you're never scared," says Zippy's mom. "Sometimes, courage means taking an action, even when you feel afraid." Share these bracelets with friends!

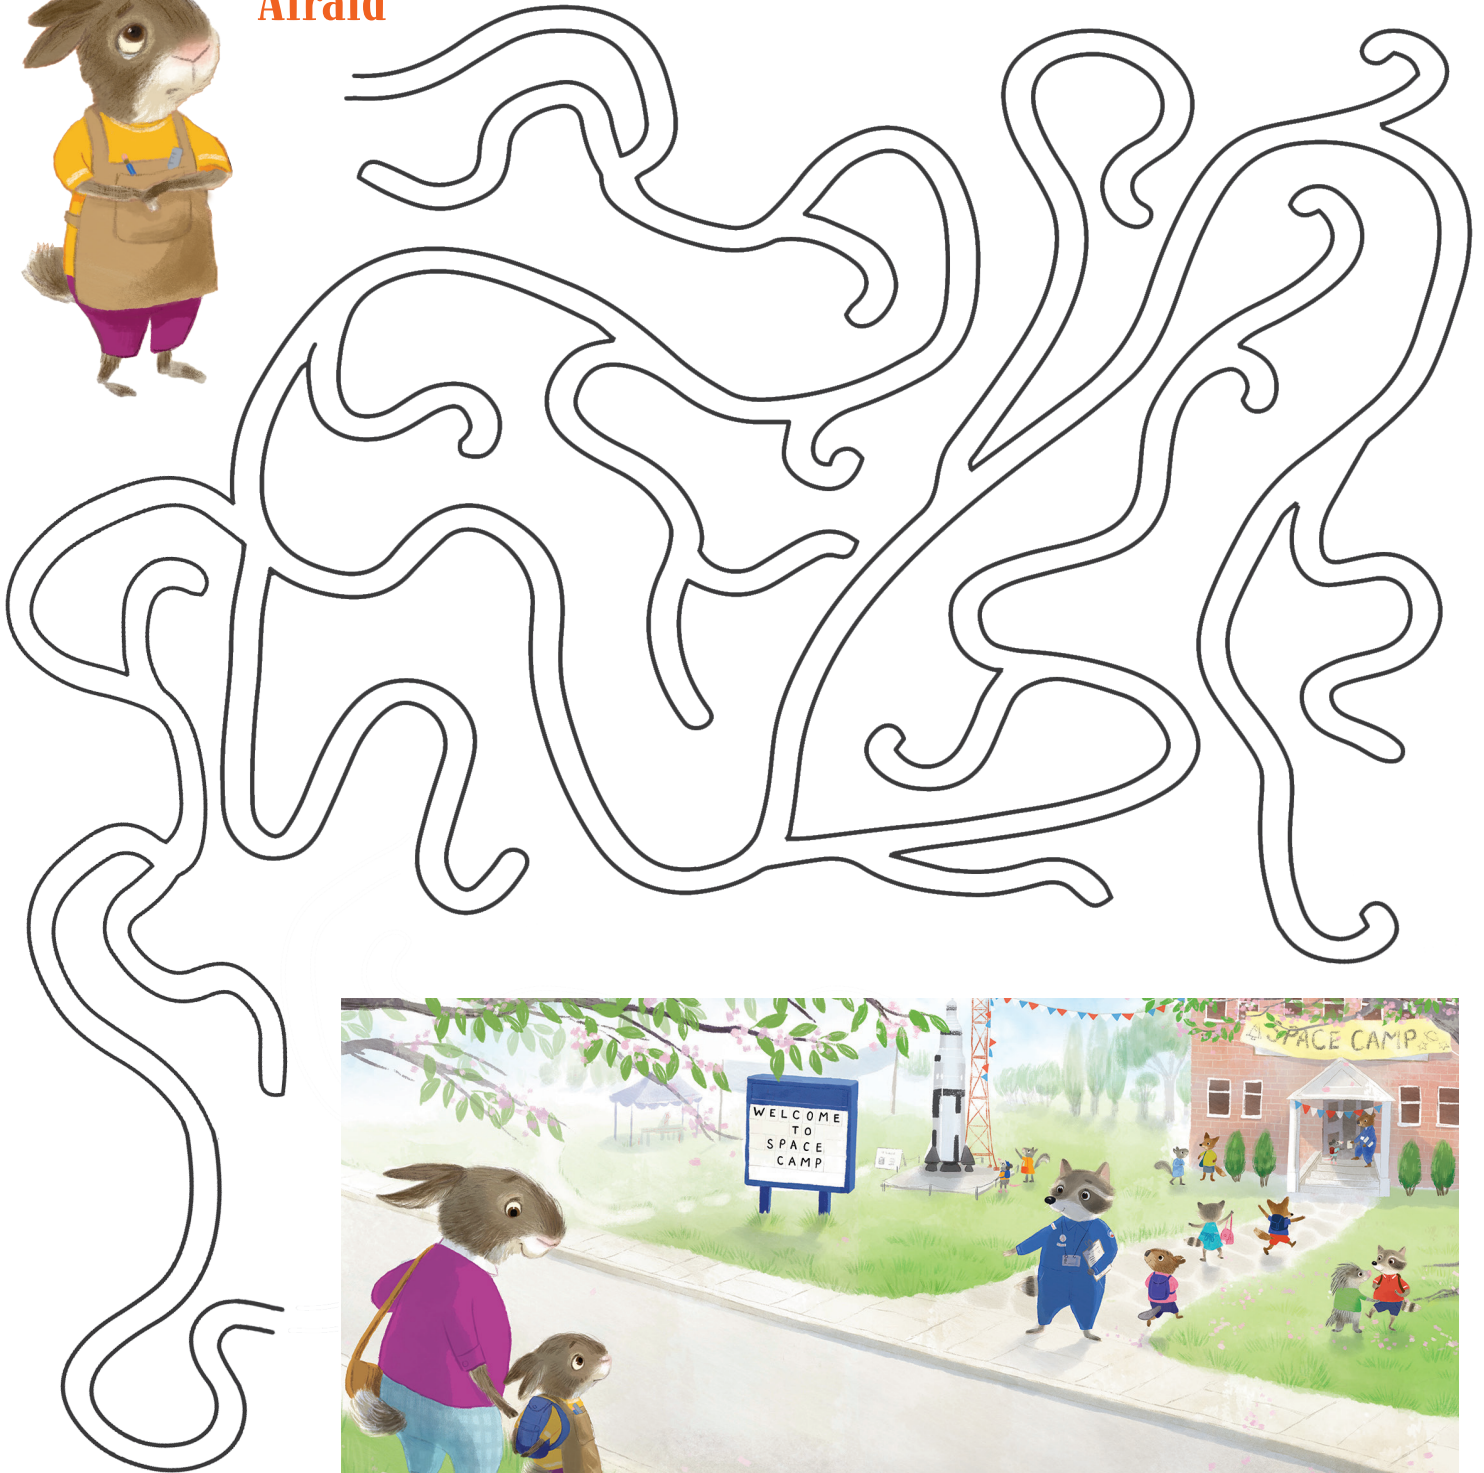

Wrap around a wrist and tape to secure.

Help Zippy

Zippy is afraid she can't compete with all the big critters at Space Camp, but she needs to learn everything she can to realize her dream of going into space one day. Help Zippy find her courage and face her fear as you trace her path to Space Camp.

Afraid

Brave!

My Rocket

Zippy receives a ribbon for Most Creative Rocketship Design at Space Camp. Decorate your rocket in your own special way.

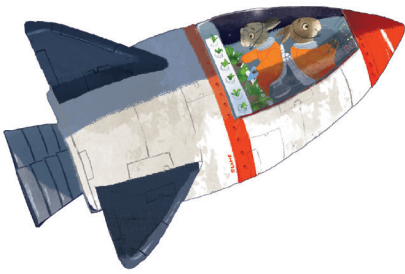

Zippy's Space Club

Are you fascinated by outer space like Zippy and her Space Camp friends?
Create your own chapter of Zippy's Space Club and learn all you can
about reaching the stars!

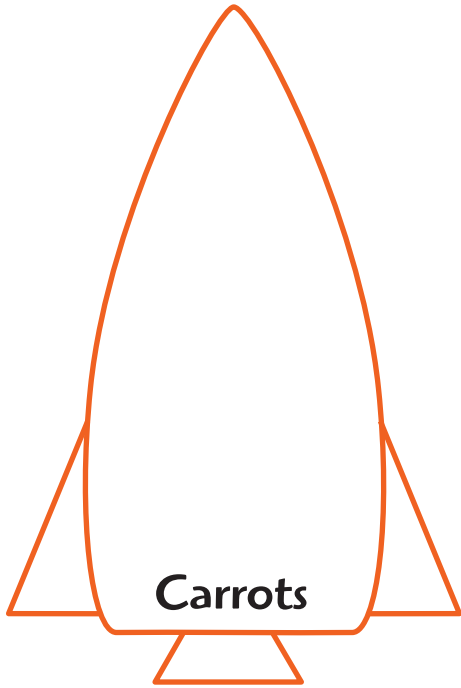

Ways to learn about outer space:

- Build a model of the planets in our solar system
- Read books about space and stars and astronauts and planets
- Build and decorate your own rocket ship
- Visit a planetarium
- Look at the moon and stars and planets through a telescope
- Attend Space Camp

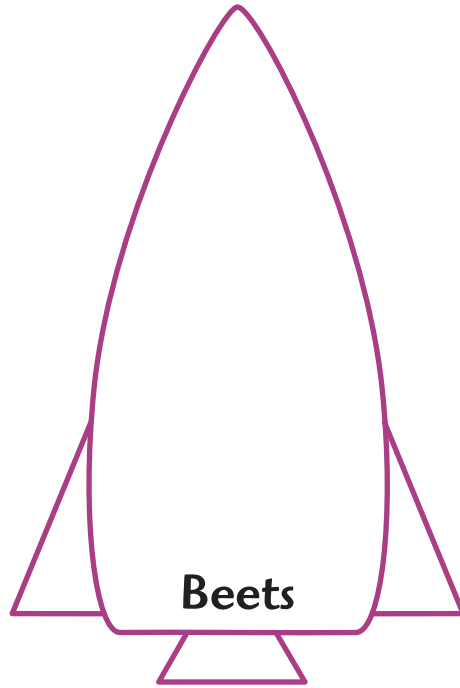

Gus's Rocket Garden

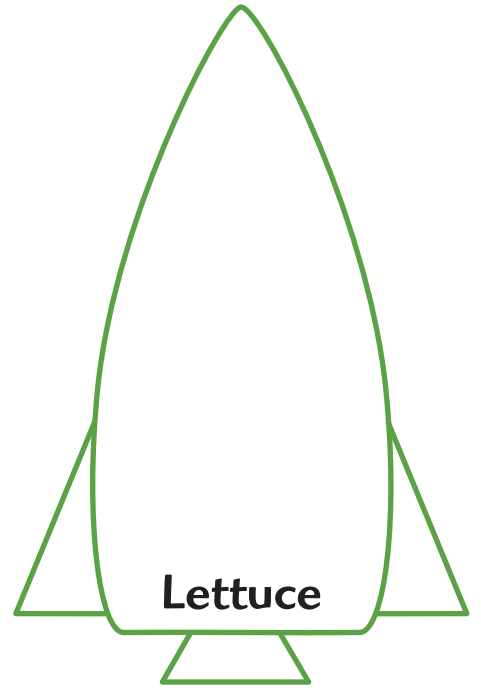

Zippy's little brother, Gus, loves his garden as much as Zippy loves the stars. Someday, they might blast off together in a rocket ship with a garden to grow their astronaut food in space. Draw pictures of the veggies they might grow.

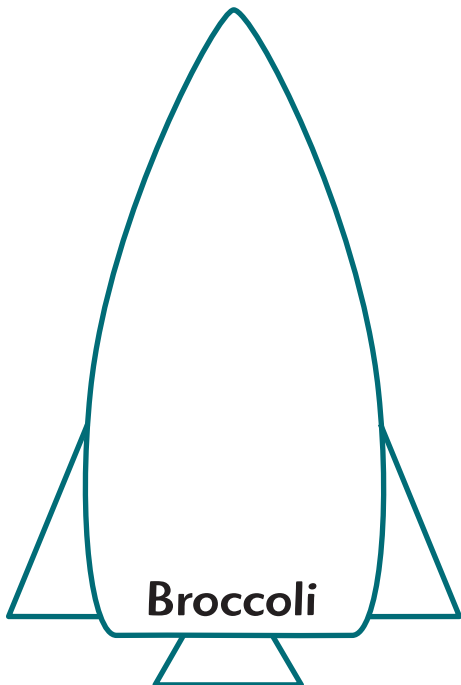

Carrots

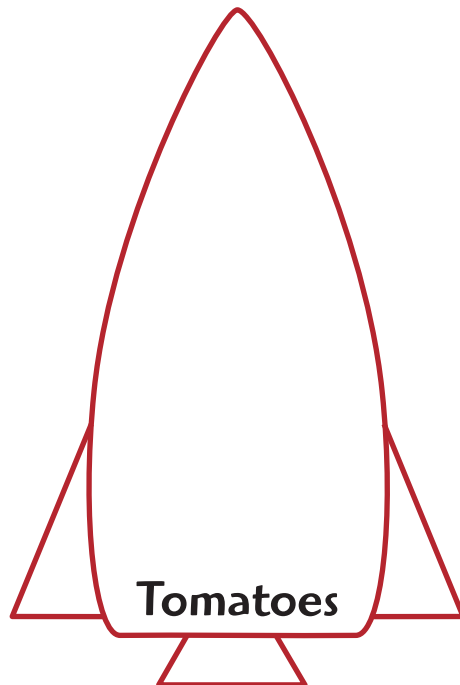

Beets

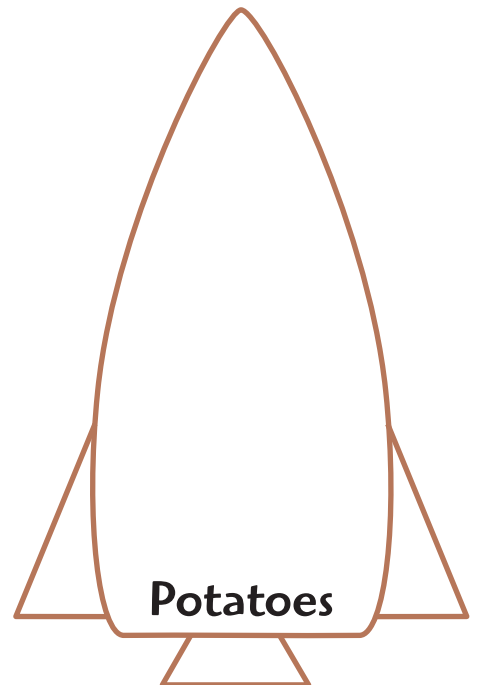

Lettuce

Broccoli

Tomatoes

Potatoes
