I Wonder

... if God still whispers.

... which part of creation God enjoyed the most.

... how God could make life out of dust.

... how far God had to bend down to reach the dust.

I Wonder

... if God still makes new things.

... if God loves seeing rainbows as much as I do.

... how Noah's wife felt about it all.

I Wonder _____

- ... if there's any place where God couldn't hear my prayers.
- ... if God really does love people who do wrong things.
- ... if I would have gone to Nineveh.

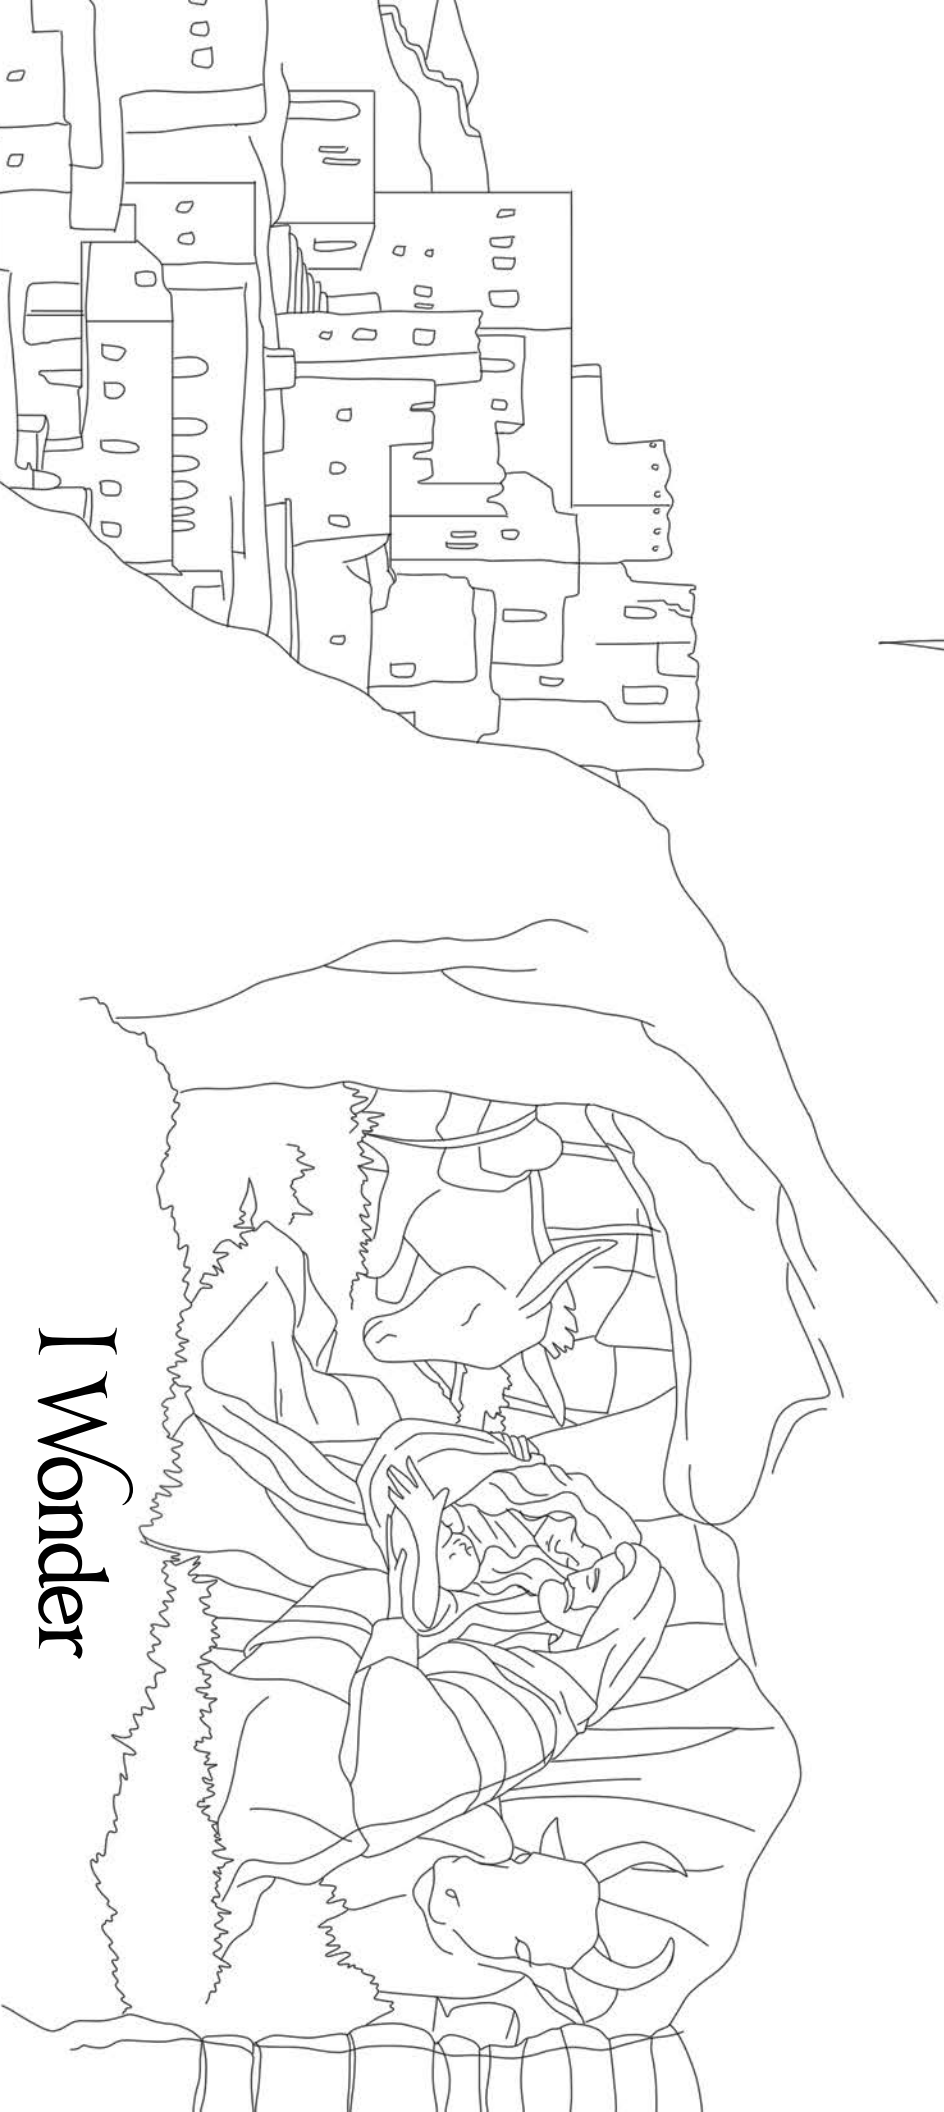

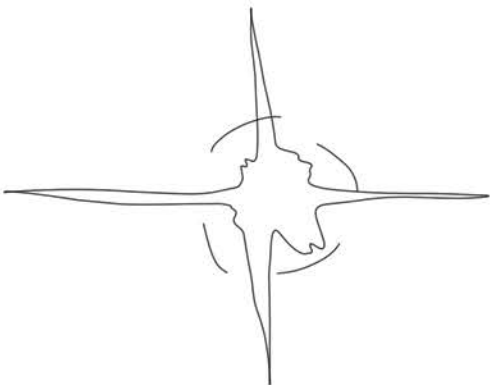

I Wonder

... why God sent an angel instead of just rolling the stone away from the den.

... why Daniel kept praying when he knew he would get in trouble.

... why people get jealous of each other.

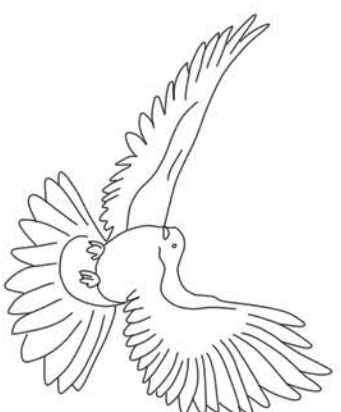

I Wonder

... what angel Gabriel looks like.

... if there are still angels in the world.

... what it would have been like to be in the stable that night.

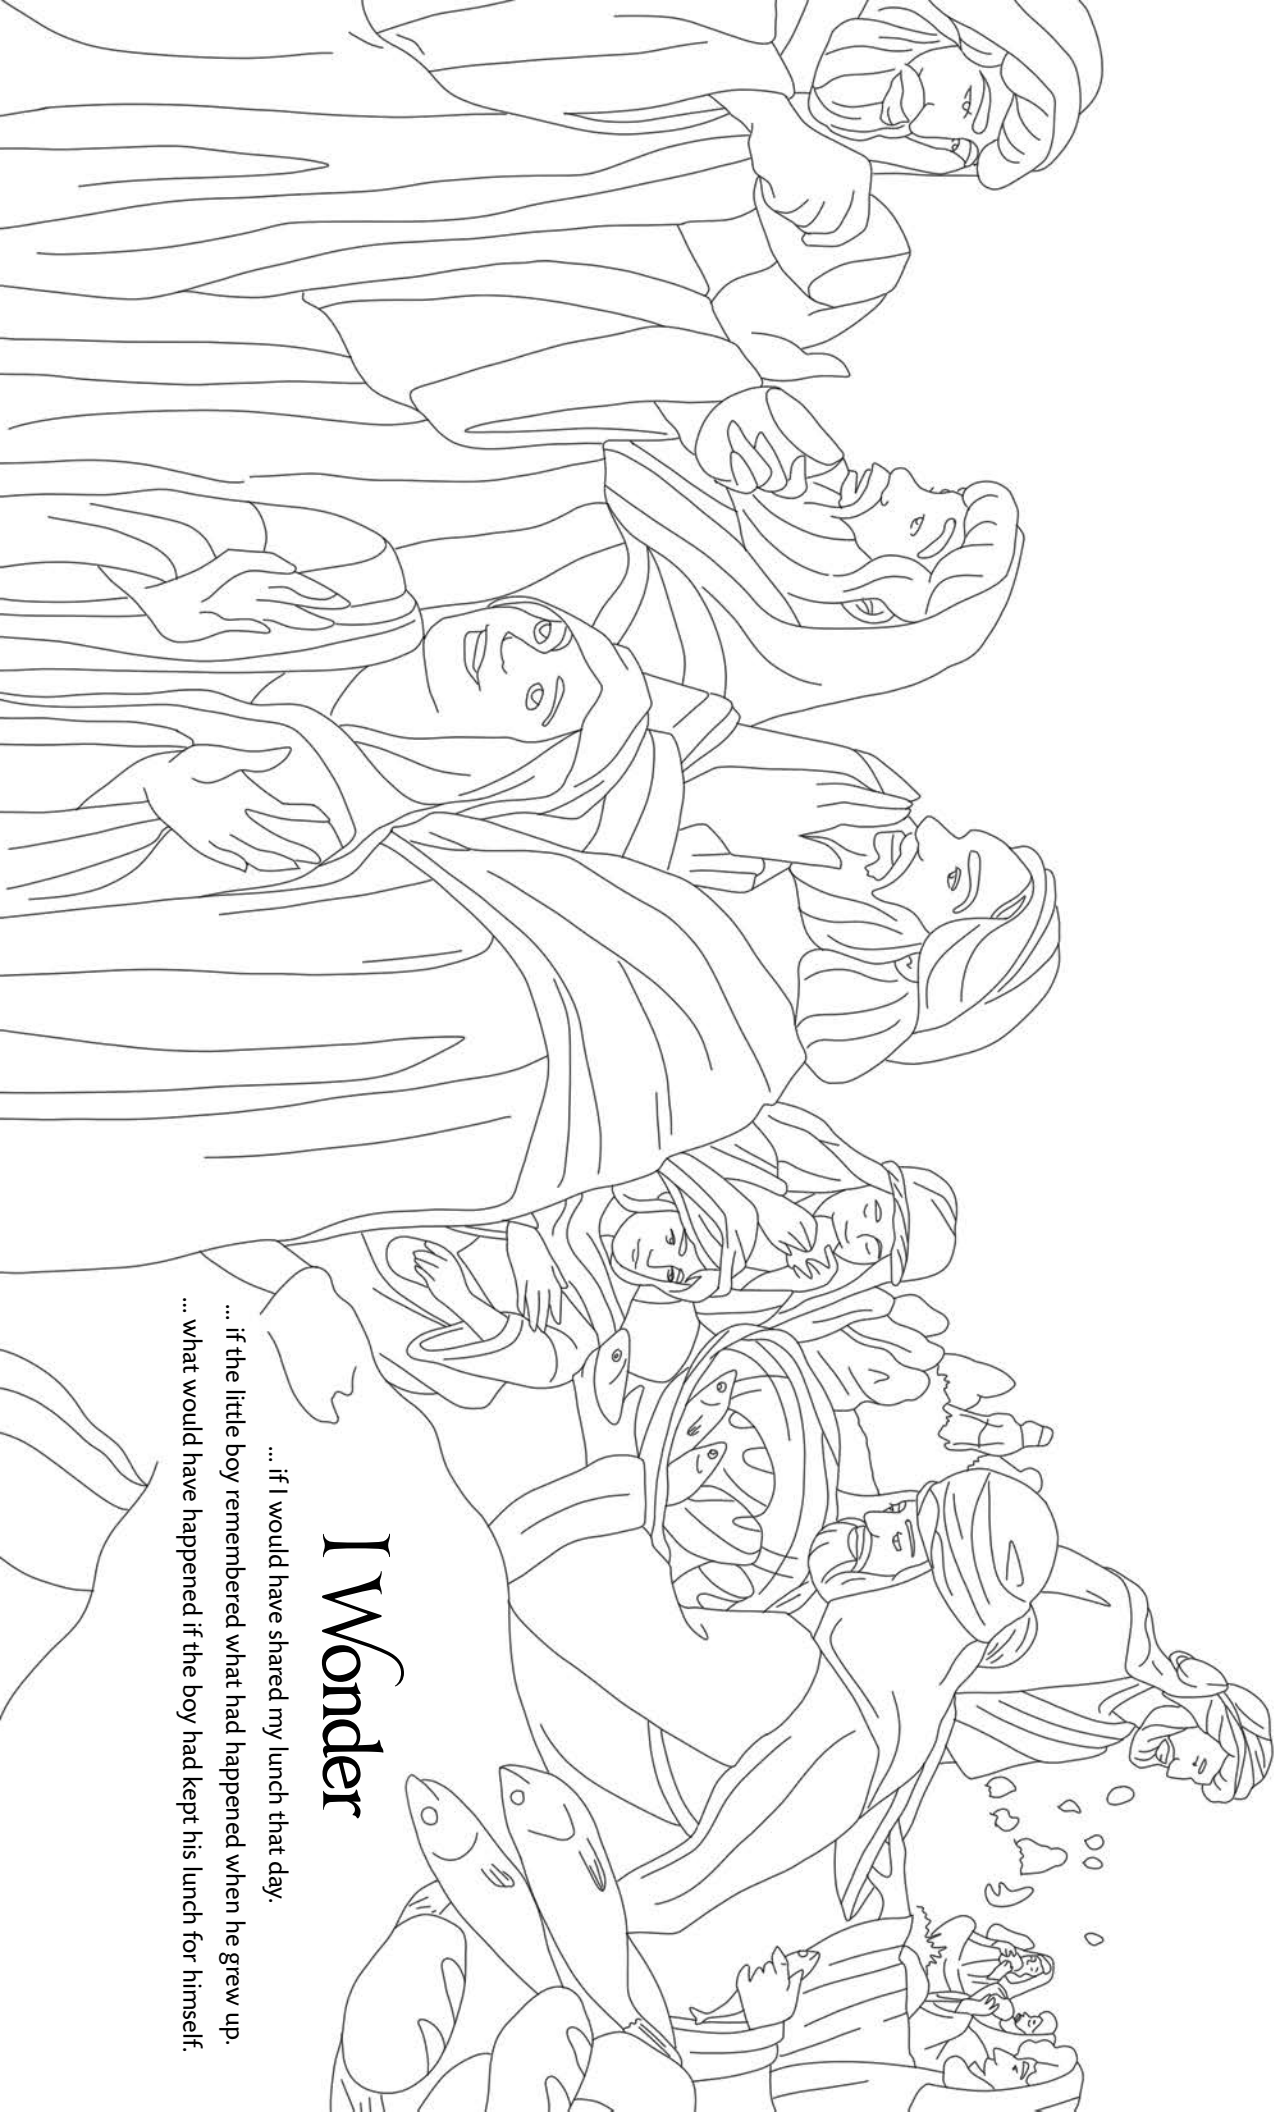

I Wonder

... why Jesus decided to be baptized.

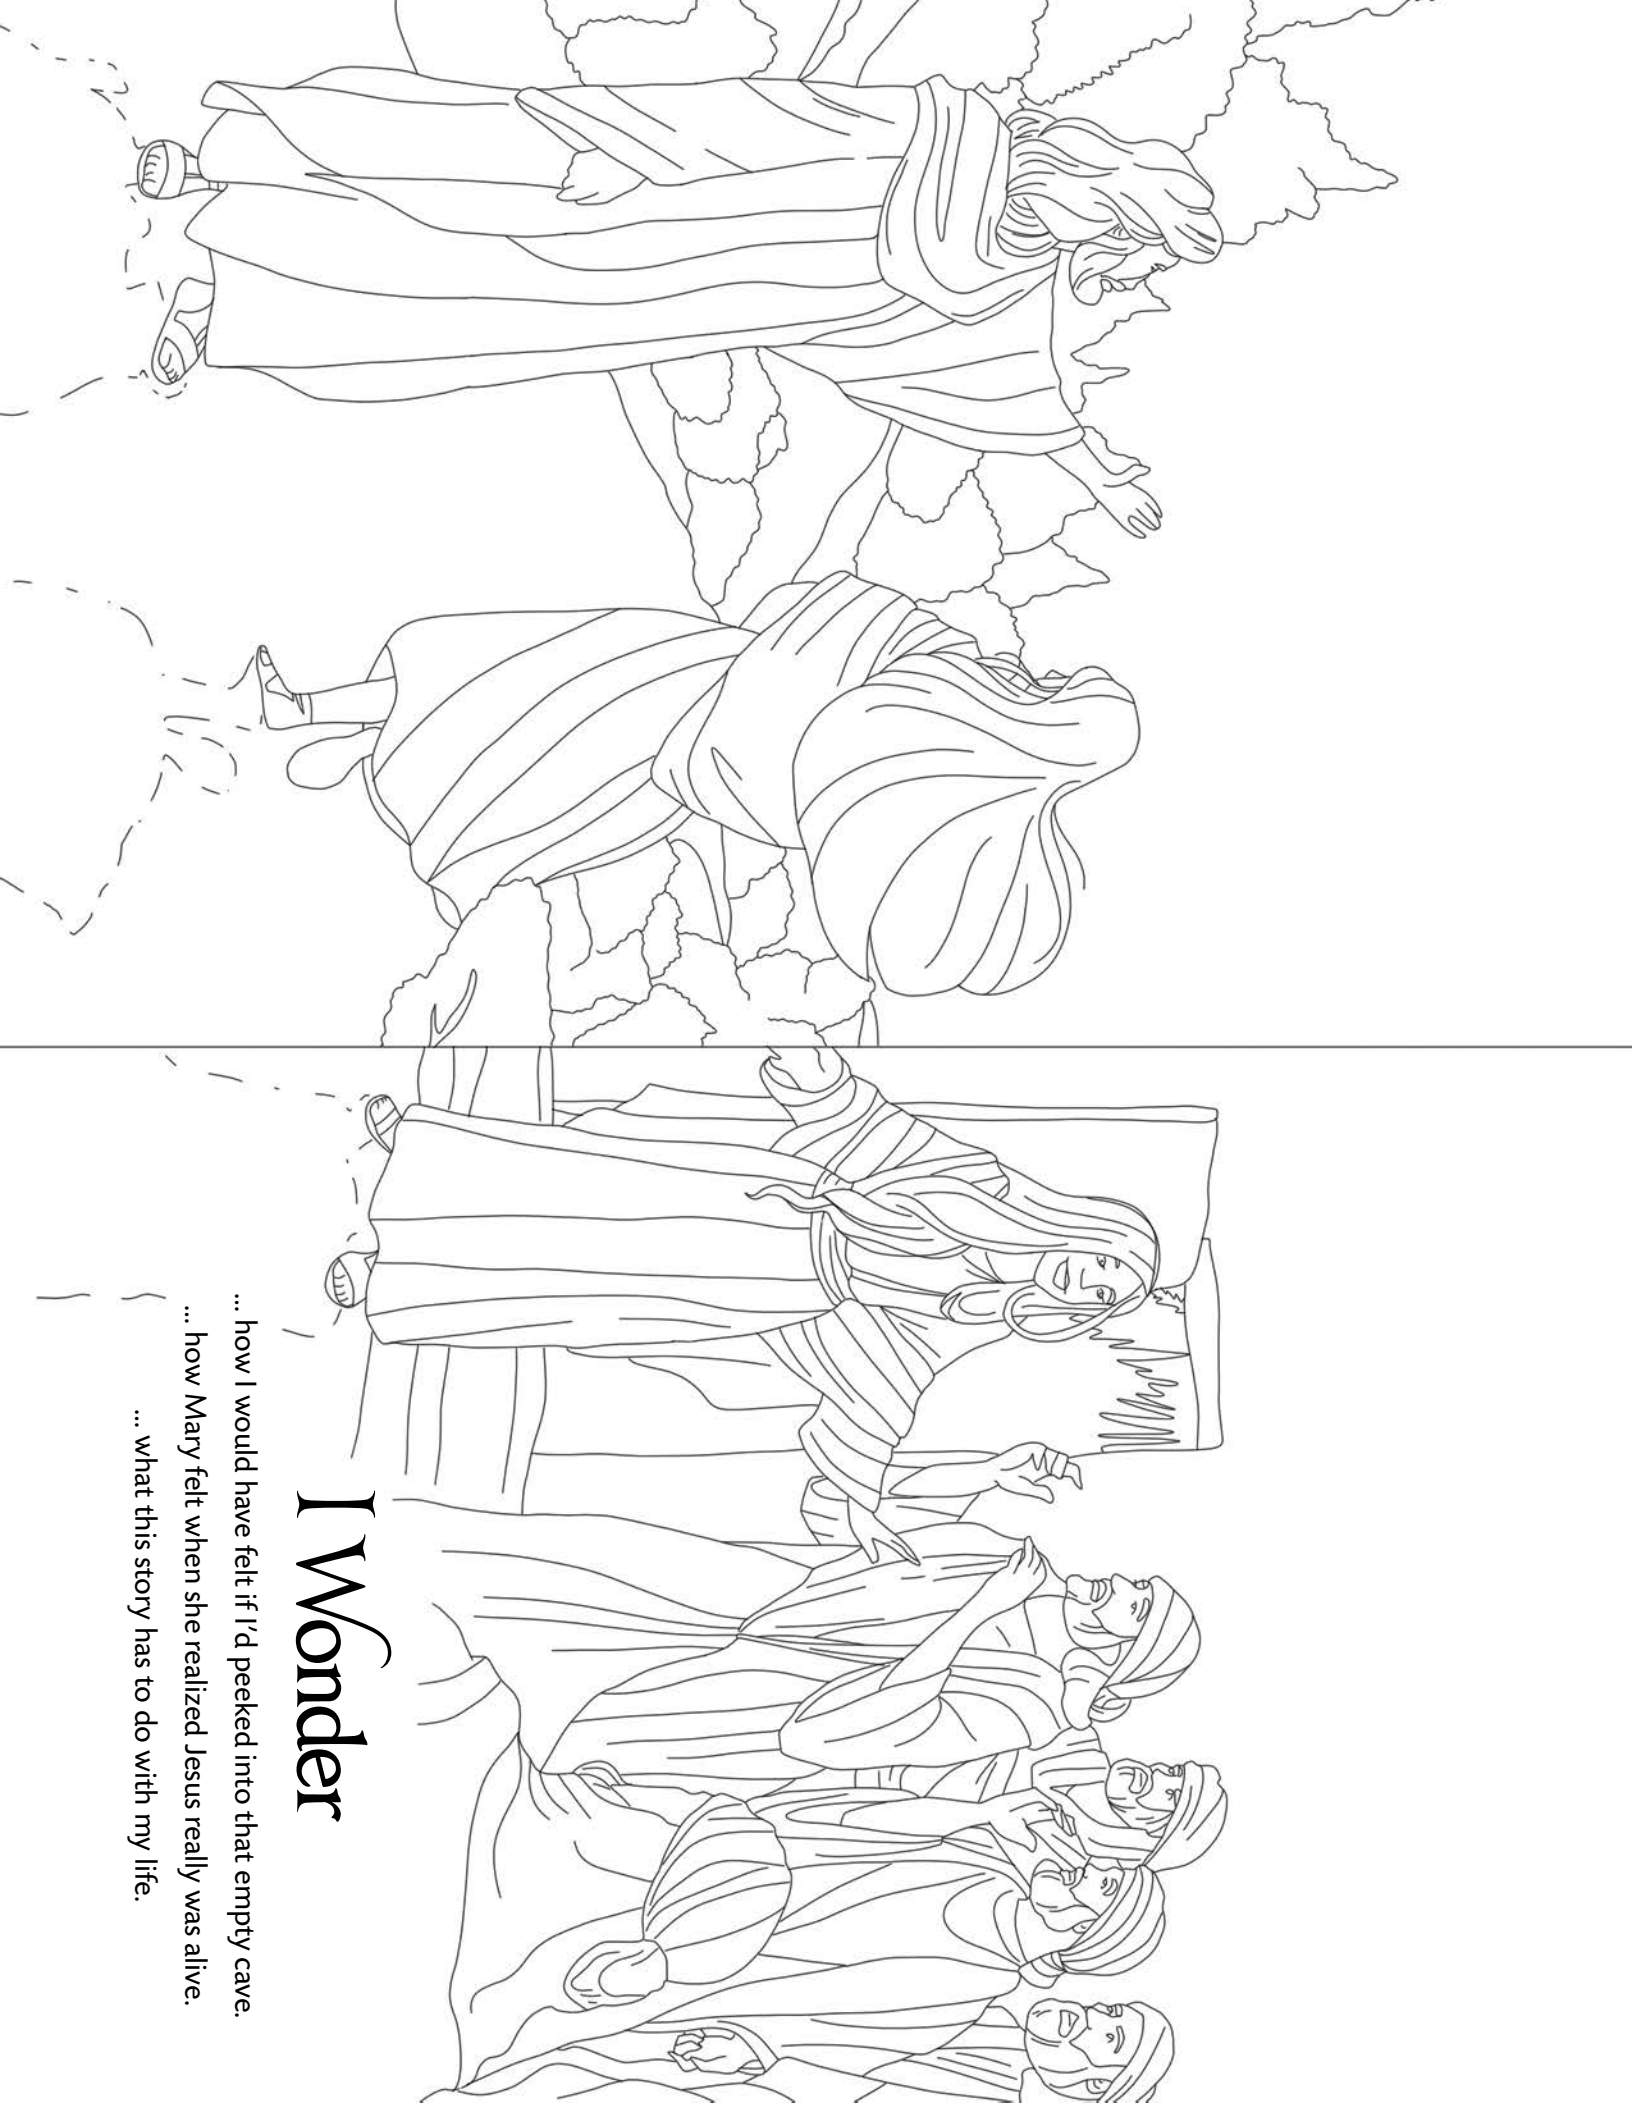

... how John felt when he baptized Jesus and heard God's voice.

... why a dove flew down and landed on Jesus.

I Wonder

... if I would have shared my lunch that day.
... if the little boy remembered what had happened when he grew up.
... what would have happened if the boy had kept his lunch for himself.

I Wonder

- ... how I would have felt if I'd peeked into that empty cave.
- ... how Mary felt when she realized Jesus really was alive.
- ... what this story has to do with my life.
