A CHRISTMAS GIFT FOR SANTA A Bedtime Book

BY J. Theron Elkins ILLUSTRATED BY Ag Jatkowska

After a night of delivering gifts around the world, a tired Santa Claus returns home to his cozy cottage at the North Pole and wonders, "Is there a present for me?"

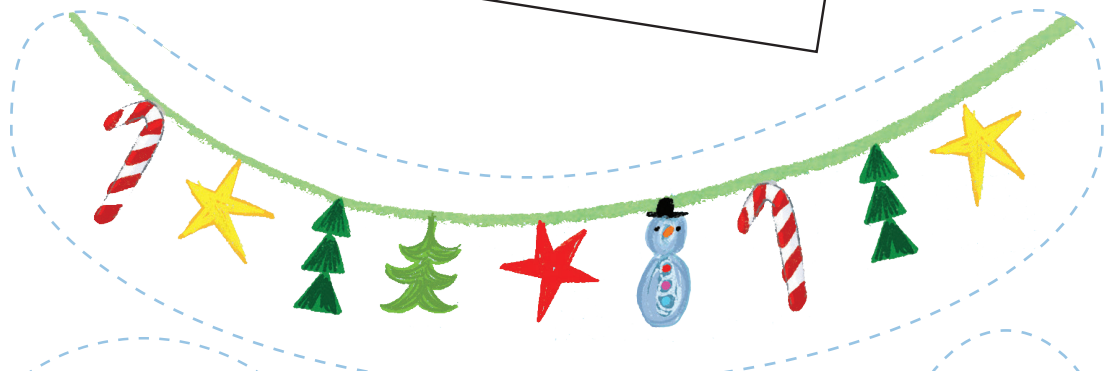

Young children will adore this sweet bedtime story about a special gift for the one who's always giving.

Use this kit to create a homemade gift for Santa!

A Christmas Gift for Santa

You can give Santa the best Christmas gift this year—
something special just from YOU!

On the pages that follow, write a story or poem just for Santa and draw him a picture. With a grown-up's help, roll your gifts into scrolls and tie them with pretty ribbons. Cut out the images below and the gift tag and use a glue stick or tape to affix them to a plain paper lunch bag. Put your special gifts in the bag and leave them out for Santa on Christmas Eve with some homemade cookies and milk. Santa will love your very special gift!

On Christmas Eve, put the placemat on the next page with your cookies and milk and gift for Santa. Don't forget a carrot for his reindeer!
